May 19th, 2025

Members present:

Tracy Klotz, Mayor

Brenda Poole, Secretary
Thomas Sanford, Russell Water Superintendent
Special Guests: Carrie McIntosh and Chriss Tackett, WRPDD

The only business up for discussion at this meeting was the ongoing work on the Russell Waterworks sewer system funded by the ARPA Grant. Mr. Sanford gave a reporting on the work that has been completed, the efficiency of the new pumps and improved lines, and general improvement of the system. The outcomes of the work have met or exceeded project expectations.

Treasurer Barbara Parks gave an accounting of what was spent on the project up to the meeting date.

Questions were posed by the public about the work, the future of the project, and any additional work that might need to be completed. The attending residents/customers reported no issues during recent storms and heavy rain that had been a problem before the work began.

There was no further business and the meeting was adjourned.
